

## Save Compounded Hormone Therapies!

The FDA commissioned a study from the National Academies of Sciences, Engineering, and Medicine (NASEM) on the safety, effectiveness and use of compounded bioidentical hormone therapy (cBHT or cBHRT). The NASEM committee has suggested restricting use of cBHT to patients with allergies to FDA-approved drugs, despite the fact that many FDA-approved therapies may not meet the dosing needs of all patients. The committee did not include a pharmacist with clinical experience, a compounding pharmacist or a physician with

substantive experience in bioidentical hormone therapy. NASEM also ignored patient outcomes. The Alliance for Pharmacy Compounding aims to correct that by collecting and aggregating clinical outcome data, as well as by collecting testimonials at [www.A4PC.org/cbhtandme](http://www.A4PC.org/cbhtandme). The site allows patients, pharmacists, or healthcare providers to type in a short testimonial, or even upload a document or an audio or video recording.

For decades, pharmacists around the world have safely compounded specific strengths and dosage forms of hormones using the highest quality ingredients (identical to those used in manufacturing FDA-approved products). If you are taking or have taken compounded hormone therapy, please take a few minutes to share your experiences by providing a testimonial at [www.A4PC.org/cbhtandme](http://www.A4PC.org/cbhtandme). The more information we can gather, and the more detailed it is, the better we can support the millions of patients who rely on cBHT. If you have questions, please contact our pharmacist for more information about protecting your access to compounded hormone therapies.

## COVID-19 Test Kits Available at Clearspring Pharmacy!

Clearspring Pharmacy has two options for COVID-19 test kits! No appointment necessary.

MicroGenDX test kits are \$199. MicroGenDX is a CLIA/CAP certified high complexity lab which has been validated and added to the FDA website as a resource laboratory for COVID-19 Testing. The test is performed in the privacy of your own home using sputum and includes a FedEx self-mailer. The results will be sent to Clearspring Pharmacy and one of our pharmacists will contact you with the results.

Also available is the Vibrant COVID-19 Antibody Assay by Vibrant America Clinical Labs for \$199. This test allows for the qualitative detection and differentiation of human IgG and IgM antibodies to SARS-CoV-2 in human serum and dried blood spot. Vibrant America antibody test has been authorized by FDA under EUA for use by authorized laboratories and it is done using fingerstick

blood specimen collected by the pharmacist.

*Ask us form more information!*

## Have you been laid-off or furloughed due to COVID-19?

If you are having trouble paying for your cash compounded prescriptions at this time, please speak to one of our professional staff members to find out how we can help you. We do not want you to discontinue or alter your medication regiment due to financial hardship. **We can help!**

Be sure to follow [@ClearspringPharmacy](#) on Instagram to keep up with the latest happenings at the pharmacy and important health information!

## Download our App

ClearSpring mobileRx app allows you to refill prescriptions on your mobile device at your convenience. You can refill multiple prescriptions on a mobile device by entering your prescription numbers, scanning the barcode on the prescription bottles or using your Patient Profile.
